## ANNOUNCEMENT

**R.J.F.C.**  
Research Junior Football Club

"The Family Club"

Has been Awarded The Diamond Valley League's

**"MOST DISCIPLINED CLUB 2003"**

This is the fourth time our club has received this prestigious award being the recipient in years 1993, 1998, 2000 and now 2003.

It is an acknowledgement by the Diamond Valley League of the manner in which the club as a whole conducts itself.

Credit for receiving this award must go to the players, parents, coaching staff and club officials for presenting themselves in an above standard manner.

# PRESIDENT'S REPORT

Firstly, I would like to thank all players and parents for continuing this club's tradition as "The Family Club". With the success achieved on and off the field surely we must be one of the best clubs in the Diamond Valley.

To make our club what it is today, there is a lot of very hard work behind the scenes. I'd like to thank our hard working committee, with a special thanks to Maryke Ferdinands, who took on the sponsorship role when she knew she would be leaving the club at the end of the season.

At the beginning of the season the committee came up with "COMMUNICATION" as the key thing we could do better off the field, so we put together the best weekly newsletter and the best website in the business.

Thanks to our editor Michelle Godfrey along with Campbell Waters and Lindsay Hender and to John Duckworth and Campbell for all website updates.

Thanks also go to Tich Zumbo (Social Secretary) and the helpers from each team for all the social activities... I think we found the best format for a dinner dance yet!! (Except for some of the singers). To all the parents who helped to make the canteen a huge success, thank you.

Big thanks to our SPONSORS who assisted us to end up with a healthy bank balance so that, hopefully, we will be able to start another extension during the off season. Finally, thanks to all the coaches who helped the boys achieve their on-field success this season.

Congratulations to the U10s and 11s for taking out the Premiership, the U13s for making it to the Grand Final and also the U12 Rebel's for making the Semi Finals.

For the rest of the teams, it was a good consistent year which helped us move into Division One for the first time ever.

Congratulations to our latest Inductees in joining the Research Legend's Club ; Shannon Malone, Sean Downey, Jarrod Shaw, Hayden Miles, James Fuhrman, Bryan Galvin, Brendan Crisp, Ryan Thompson and Matt Neil.

Thanks again and I wish you all a great off season and hope to see you back next year for a successful 2004 season.

Allan Gibbs.  
President  
Research Junior Football Club

# SECRETARY'S REPORT

I believe the 2003 season was the most successful season on and off the ground Research Junior Football Club has experienced in its history.

We started the year with our main aim to remain in Division Two and finished the year by being promoted to Division One for the first time, for season 2004.

On the field we had three teams playing in Grand Finals with two being successful. Research also created a club record with 219 players taking the field at some stage in our teams.

Congratulations to Jarrod Shaw for coming second in the Diamond Valley Division Two Best and Fairest award. A true indication of how successful the club is becoming is shown by the increased number of players who are being invited to train with Diamond Valley representative teams and Northern Knights Squads.

Off the field this year it was great to be playing back at Research after a year at Panton Hill. Even though the playing arena deteriorated towards the end of the year, which forced teams to train at other locations, we were able to make several improvements to the clubrooms and viewing areas.

These improvements consisted of large glass windows, pergola to keep us dry on wet days and increased seating. There are further plans being prepared to again improve the facilities in 2004.

I would like to thank our coaches, who I believe are the best group of coaches within the Diamond Valley, for their time and commitment.

I would also like to thank their Team Managers who had the difficult task of organizing their teams as well as parents, friends and helpers to perform the various weekly duties required.

To organize a club of our size successfully requires a lot of work being completed by dedicated people behind the scenes. I would like to thank the committee members, parents, sponsors and supporters who assisted throughout the year for their outstanding effort and contribution.

I believe the strength of a football club starts at committee level and for the club to continue to be successful the work load must be shared.

You will have the opportunity at the Annual General Meeting on 20<sup>th</sup> October to put up your hands and assist in keeping the club successful.

I hope that all the players and families have enjoyed their year and I would like to wish you all a happy and safe summer and look forward to seeing you all return in 2004.

Brian Weissenfeld  
Secretary  
Research Junior Football Club

## SOCIAL SECRETARY'S REPORT

Too all the families who have helped make this year one of the most "profitable" and socially successful seasons – A BIG THANK YOU – on behalf of myself and all the committee members.

With the help of the representatives from each team (you know who you are) and the wonderful newsletter printed each week, my job was made a lot easier and less frustrating.

The social events held were unbelievably popular and I hope the response only continues to improve with each year.

Whether your contribution was big or small, the club as a whole appreciates everyone's support.

Thank you once again to everyone as I thoroughly enjoyed my three years as the clubs Social Secretary.

I now feel its time for " New and Fresh Blood" to fill my shoes (SIZE 8!!!!)

Cheers

Tich Zumbo  
Social Secretary  
Research Junior Football Club

# TREASURER'S REPORT

Congratulations to you, our members for supporting the club's functions and thereby participating in making our current year very successful financially.

As a result of your splendid efforts, the committee has been able to lock away \$20,000.00 for our new building project. This project is for the benefit of all current and future members.

I would like to take this opportunity to thank the following people:

- Our President, Allan Gibbs, for his excellent effort in running the canteen and guiding our club through a prosperous financial and on field successful year.
- Our Social Secretary, Tich Zumbo, for her outstanding efforts in conducting our many social activities throughout the year.
- Our Sponsorship officer, John Gray, for his huge effort in increasing our sponsorship income by over 200% on the previous year.
- Our Secretary, Brian Weissenfeld, for the efficient manner in which he attends to the multitude of statistics and secretarial matters during the year.
- Our Property Officer, Campbell Waters, for his expertise in protecting and preserving the club's property and equipment.
- Our Committee as a whole for their diligence and dedicated effort in maintaining the club's direction, both on and off the playing field.
- Our Coaches, Team Managers and Assistants for a very successful season on the football field, in particular our Grand Finalists.

During this season the committee has achieved and completed many projects. In particular the following:

- Pergola attached to the rooms for greater spectator comfort.
- Seating in the pergola area for further spectator comfort.
- Installation of new canteen equipment.
- New viewing windows in clubrooms.
- Weekly newsletter for all members.
- Website and Internet access.
- Excellent social calendar.

It is important that we continue to plan to prosper our club for the next and future years. Members will be continually informed of the committee's intentions in this area.

Full details of income and expenditure included in our Audited Financial Statements for the year will be available for all members to inspect at our Annual General Meeting, at which I will be only too pleased to discuss and explain any issues arising therefrom.

Lindsay Hender.  
Treasurer

## UNDER 9

Coach: Paul Taylor

Team Manager: Campbell Waters

What a great season it has been for our mighty U9s. This season we focused on basic skills, playing different positions, playing as a team and most importantly good sportsmanship. As the season progressed the boys just got better and better showing everyone they will be a force in years to come.

As a first-year coach (Apprentice), I was lucky enough to have Campbell Waters as Team Manager. Campbell organized everyone and everything including myself (thanks Campbell). I would also like to thank John Gray and all the Research Coaches for their advice and Support.

Training was a lot of fun thanks to Anthony "king of the kids" Peacock. Game day would not run smoothly without parental support.

Thanks to Glen Schneider (Goal Umpire), Brian Dillon and Shaun Turner (Field Umpires), Gary White, Norrie Stewart, Glenn Lavender and Brian Seymour (Training and Water) and Cheryl Taylor (Computer, Understanding wife).

Finally I would like to thank all the parents for their healthy support during the season. If only all supporting parents acted in this civilized fashion.

Paul Taylor.

Coach: Craig Flenley

Team Manager: Brian Coghlan

Well what a great year for the U10s. They finished the Home and Away season on top of the ladder with 14 wins from as many games.

In the finals we came up against Alphington in both the 2<sup>nd</sup> Semi Final and Grand Final. Both games were very close but to the credit of all the players, they played great passages of football to win both games finishing the season Premiers and Champions.

There are a lot of people to thank. On behalf of the team I'd like to thank Brian Coghlan (Team Manager) a superb job again this year. Shane Kernaghan, our Assistant Coach whose input for the boys was invaluable.

Con Kroussoratis, our runner a job well done. Frank Marino, Wayne Boyden our water carriers. Matthew Jones for being Umpire Escort. To Therese Scales and Campbell Waters for being our medics on game day.

To all the parents who helped out in the canteen and who made the Banner. Last but not least, all the dads who helped at training. You make my job so much easier. The club and I appreciate your time as it really does help the team and the club

If I have missed anybody please accept my apology. I hope that everyone involved with the U10s this year got as much out of it as I did.

It was a tremendous year as far as results go, but more importantly it was terrific to see each and every one of the boys improve on their skills and abilities towards the game of football.

I look forward to all the boys joining me next year in the U11s as we go up to Division One. I'm sure we will have another successful year provided everyone applies themselves next year in the manner they did this year.

Thank you Research U10s, you are a great team to coach and I'd like the opportunity to coach you all next year.

Enjoy your cricket, or basketball or tennis or whatever you decide to do over the summer. Well done on your success this year and thanks again.

Craig Flenley

Coach: Richard Buller

Team Manager: Glen Wynd

Well what a season!!! We started off slowly, unable to win a pre-season game, maybe due to a Grand Final hangover, or maybe just rusty, or could it have been the fill-In coach's fault, but I'm not mentioning names because Terry Patterson did an excellent job.

As the start of the Home and Away season began, the boys most definitely had slept their hangover off, playing attacking football on all accounts.

Throughout the season, the improvement and application of the team was pleasing, with a never say die attitude and a hunger to succeed and learn. Each week the camaraderie and team spirit was abundant whether it was a close win or not.

The season was full of challenges, which we answered week-in and week-out. Come finals time, there was an air of expectancy. The first final against Lalor was a true test. Unfortunately we just fell short after a great effort, but to our boy's credit, they accepted the defeat like true sportsmen and moved on.

The following final against Hurstbridge, we had a good win, then set our sights on revenge. The Grand Final was a hard fought win with the game in the balance to the last quarter. Lalor put up a terrific fight, but I feel the best team for the season rewarded itself.

I would like to thank all the boys who participated in the season 2003 on their great efforts and their on and off field behaviour throughout the season. Boys you are a credit to your parents and to yourselves, keep up the good work.

I would like to congratulate the team as one and wish you good luck and success in your future football careers. It has been a pleasure and a privilege to have coached you.

I'd like to thank the people who have been the backbone of the side week-in week-out, Peter Saldaneri (medic), Mal Tilley (Goal Umpire), Jack Sharp (Assistant), Gary Henderson (Umpire Escort), Kim Cop (Boundary), Marcus Balding (Water), Rob Guiliani (Timekeeper), to my slow and unfit runner (Ducky) and to Glen Wynd, the best team manager in the free world.

To the ladies with the canteen duty and banner making and to Rosemary Henderson for all the great photo's. Thank you all.

Richard Buller.

Coach: Darren Smith

Team Manager: Tony Ziino

I wish to thank all the players for their efforts in 2003. Season 2003 has been very successful from many perspectives. We welcomed seven first year players into the fold, which boosted our numbers to 23.

Having 5 players on the bench meant 20 rotations throughout a game before even summing up the opposition we competed against. It was a great result that we could build upon.

One very pleasing aspect of the season was observing the growth in skill and confidence in our players – you cannot have one without the other.

Our one-hundred-percent efforts during many games were second to none. This feature was worked hard on at training and it resulted in our defence being very strong come match day.

In order to give individuals an indication of what is required to play in various positions, the majority of players were rotated from forward line through to defence. This also gave the coach an indication of possible key position prospects for future seasons.

One aspect of our game I am extremely proud of is our team spirit. Playing as a team, supporting team-mates (even when mistakes are made) has been very pleasing to see.

Friendships within the group have consolidated to make for a tight-knit group. Protecting our own now comes as second nature to the boys.

From a coaching perspective, I thoroughly enjoyed every minute of working with each team member throughout the season and look upon the experience as a true privilege to be able to coach such a terrific group of boys. All in all, a tremendous season with our fair share of losses making our wins all the more valued. Keep up the great work into the 2004 season boys!

Finally, thank you to all parents for supporting their children and our team throughout the season. A big thank you to our Team Manager, Tony Ziino for all his efforts this year. Having such a strong devoted team of parents has made the season all that more enjoyable for all. Many thanks.

Coach: Neale Harrison

Team Manager: David Thompson

I would like to start by thanking a really great bunch of parents for all their assistance and harmony. Special thanks to Stuart Ferdinands and Peter Shaw, my Assistant Coaches for all their help on game days and at training right through the year.

To all the other parents that have assisted on a weekly basis, you have been invaluable. And where would I be with Dave Thompson, the man that keeps the whole thing running like a well oiled machine.

The season began as the last finished, win upon win, and the perception grew of being unbeatable. In hindsight, I think this resulted in the loss of the all-important passion and desire to improve.

A string of losses quickly planted the team's feet firmly back on terra firma and reinforced the theory that improvement begins on the training track, and that the team is a group of individuals working as one, not as a group relying on a few individuals to do all the hard things.

I was most impressed in the latter part of the season as the team emerged as a cohesive group of maturing young men who stood by each other through thick and thin with support and encouragement in all situations.

The level of commitment lifted and the whole player list embraced the need to contribute for a full four quarters. Our Semi-Final match was a truly magnificent match with a score board that did not do justice to what was the best team effort of the year.

Excellent tackling and a whole team that were prepared to run the opposition down and not let them get an easy possession. Unfortunately, it wasn't our day. However, if we take this level of play into Division One next year, we will give everyone a run for their money.

Parents, you should be really proud of your sons that you send along to play each week. This year they learnt the lesson about losing the football field, something they hadn't tasted for a while and that their best that week wasn't good enough.

Yes, there was disappointment, but there wasn't a bad sport among them. I have enjoyed watching at close hand, all their individual talents, quirks and humor.

Thank you boys, it has been a pleasure.

Another footy season goes by. Disappointing in the end with a Grand Final loss?? Yeah a little! Then I sat down and looked at what we had achieved, then thought about it again, disappointed yes, but only in the result on the day, but certainly not disappointed one bit in any player or what the team achieved for the year.

We were lucky in picking up two very good players in Reece and Ashley, but then we didn't have David, our Vice Captain for basically the year.

Our worst luck arrived in Grand Final week with illness sweeping through our team leaving many players unwell and weak. That's the way it goes.

Some great moments throughout the year were: our win against our arch rivals Hurstbridge at home, and our last quarter win against Coburg Juniors at Coburg.

Not only our coaching staff, but all parents and supporters were truly proud of what our boys achieved during both games.

All players showed some improvement in their skills during the season, which was pleasing. We were able to turn players from one-position players into players that could be thrown into many positions to benefit our team. The one thing that impresses us the most is the way that not one player thinks he's any better than any other player.

This team is one of the best bunch of boys that anybody could have the pleasure to coach. Their character and way they represent the Research Junior Football Club is a credit, not only to themselves, but also to their parents. Credit must also go to our team as our number of games won went a long way in achieving the result of the Research Junior Football Club moving into Division One.

I would again like to thank Steve and Gus for their support during the year. At times during the games, I would be starting to stress and Steve would say just relax, then I would look and Gus and he could always tell me how long was left in the quarter, that's when I could relax.

Also thanks to the many helpers (you know who you are as there are too many to mention), but one thing I will say is that this team has many people who assist at training and on game days, and without you it would make our jobs very difficult indeed.

As you know I will not be coaching next year, I wish all the boys the best in the coming seasons, I know if this group sticks together they are going to achieve plenty with their football.

I have been very lucky in observing these boys develop through their junior.

Congratulations guys, the pleasure you have given me will never be forgotten. All the Best.

Coach: Grant Barden

Team Manager: Steve Gercovich

From a playing perspective, not much more could have been asked from this group. Our mission statement at the start of the year was to be competitive for every minute of every game.

Never to let the scoreboard get us down, but to attack each and every contest with purpose and forget about the result. Well; I could not be more proud of the group for following through with our mission statement and representing the club with a great attitude and always-excellent sportsmanship.

We finished the year 7-7 which left us one game out of finals action, which was a pretty good result for us. We won every game that we should have and could have won a couple that we shouldn't have.

From a player point of view, I was thrilled to see the great development of Nathan, Luke, Tim, Jarryd Hughes and Spud, the continued good form and leadership from James, Brad and Benny and the steady improvement from our smaller players who really stood up at times this year against some pretty strong teams.

It was their courage and hard work that helped keep us competitive when the blowtorch was put to our bellies. Well done to all the boys.

We now need you all to stand in a bucket of fertilizer over the spring and summer to see if we can promote some growth. We also need the club to sack Snow White as our recruiting manager.

Speaking of the club, no club can be successful without strong leadership from the office bearers. There has not been a club I have seen have success in spite of poor management. It doesn't happen.

So if going from Division 3 into Division 1 in two years, growth of the playing list and being well on the way to achieving a bank balance large enough to extend the rooms is any guide, I think we should see ourselves as fortunate to have the group we do now.

Congratulations to the committee on an amazing year.

Finally thanks to all of my parents for having faith in me to look after their boys, for getting them to training regularly and on time as well as the game days, where the boys all presented well.

Collectively, we have a sensational group of parents who are all willing to help out in whatever role is required to be filled.

Team Manager: Steve Gercovich

Special thanks to Steve Gercovich (Team Manager with great organizational skills that a chaotic jumbled fool like me cannot do without), David Zimolani, my runner, who would bravely head off into the distance with a strong message to a player that he had absolutely no idea in regards to their appearance, number or position.

It was quite funny at the start of the year when he would deliver a message to a player, only to have him point his finger up the ground toward a player for whom the message was intended.

He was great value though, once he found his bearings and got to know the players' strengths and weaknesses.

Thanks to Alan McCleary and Chris Craig our very efficient medics, Jan Craig for her efforts in the very important role of team Social Secretary, Bernie, Steve, Gino and all the other parents who helped out.

The club is a great environment for our boys because of you all, well done. It also makes coaching a team a far easier task when the support is unanimous as well.

And in closing, if any parent knows anyone on the Nillumbik council, constantly harp on at them about the ground and whine like an E.H diff every time you see them. Make their lives miserable until it's fixed.

Coach: John Duckworth

Team Manager: Wayne Klar

The U15s finished 2003 with 8 wins and 6 losses and occupied 3<sup>rd</sup> place through until the final round of the season, where, despite a magnificent performance against the eventual Premiers Alphington in the last round, the narrow 25 point loss was unfortunately enough to push us out of the final four on percentage.

Looking at our results, we lost twice to each of the teams that finished 1<sup>st</sup> (Alphington), 2<sup>nd</sup> (Stars) and 3<sup>rd</sup> (Lalor Bloods). The losing margin in each of the second-round encounters against these teams were reduced, in the case of both Alphington (146 pts to 25 pts) and Lalor Stars (78 pts to 36 pts they were significantly reduced, an indication of how the team matured over the year.

Of the 8 wins, we had 2 heart stoppers this year... beating Epping by 13 points at Epping and, of course, the 1 point win over Hurstbridge at Hurstbridge. Despite these 2 close games, our average winning margin for the year was 79 points with wins of 20 goals or more in 3 games.

As a team, our game continued to develop and improve over the course of the year. Where we lacked in size and skill by comparison to other teams, our boys more than adequately closed those gaps by working as a team.

When they did work together, they produced some magnificent footy such as the wins over Epping, Hurstbridge, North Heidelberg and even the loss to Alphington in the last round.

To the boys. Look back on the year with pride, you were great in both victory and in defeat, a characteristic that separates you from many of the teams you play against.

Thank you for the effort and your friendship over the year. In closing, two final thoughts;

- 1.) Remember your contribution to the round 14 game against Alphington, remember the effort, remember the commitment, discipline and single minded desire to win and every contest. That's the attitude and approach you need to succeed in sport and life. Remember the feeling you had when singing the club song on the ground after losing that game. That was character.
- 2.) Fitness, don't leave your pre-season until February. Take responsibility for your own physical conditioning early. Work hard over the break and I look forward to seeing you all from the other side of the fence in 2004.

Coach: Richard Geary

Team Manager: Peter Watson

Congratulations to all the players who represented the U17s in 2003. All players should be proud of the way they played with discipline and spirit throughout the year.

Our pre-season started early in February with over 30 players attending on a regular basis. This presented a problem as it was decided that there would be a maximum of 26 players on the list for the season.

It was decided the players who had previously represented the club would be given first preference provided they attended training and demonstrated the discipline and commitment required.

The pre-season went well with good attendances and players showing a keenness to improve on their skills and fitness. There was an air of confidence and excitement as the start of the season approached.

The first two games were disappointing in that we were in a winning position in both, but were unable to take the points. These two games would prove costly later in the season as we missed out on the finals by percentage.

However, as a team, the players learnt some valuable lessons from the games regarding preparation and focus. From this moment on the players improved in their physical and mental preparation for games and this was reflected in improved performances on the ground.

There were some very good team performances throughout the year and in particular the memorable games were the wins against Lalor Bloods, a very good win against Epping at Epping and who will forget the win against Alphington in the last game when they were found to have 19 players on the ground!!

As a coach I was proud of how the player conducted themselves throughout the year in a disciplined and enthusiastic manner. I felt there was significant improvement throughout the year, particularly in the way the players trained and prepared themselves for games.

I thank all players for the way they supported me in my role as coach. I would particularly like to thank Jarrod Shaw for the way he carried out his role as captain. Jarrod's passion for the game and the club was obvious to all, and his role model performances were a great example to all.

Congratulations to all individual award winners and to the team in assisting the club reaching Division 1 for the first time – a great achievement.

Richard Geary.
